

Road signs for shared mobility

Starting point: No parking & No go zone

- Railway stations = no parking zones (specified in the licenses)
- Creation of parkings near stations
- Collaboration 4 public transport companies + Brussel Mobiliteit
- Development of road signs: NMBS
- Publication of road signs: Federal Public Service Mobility and Transport

Road signs

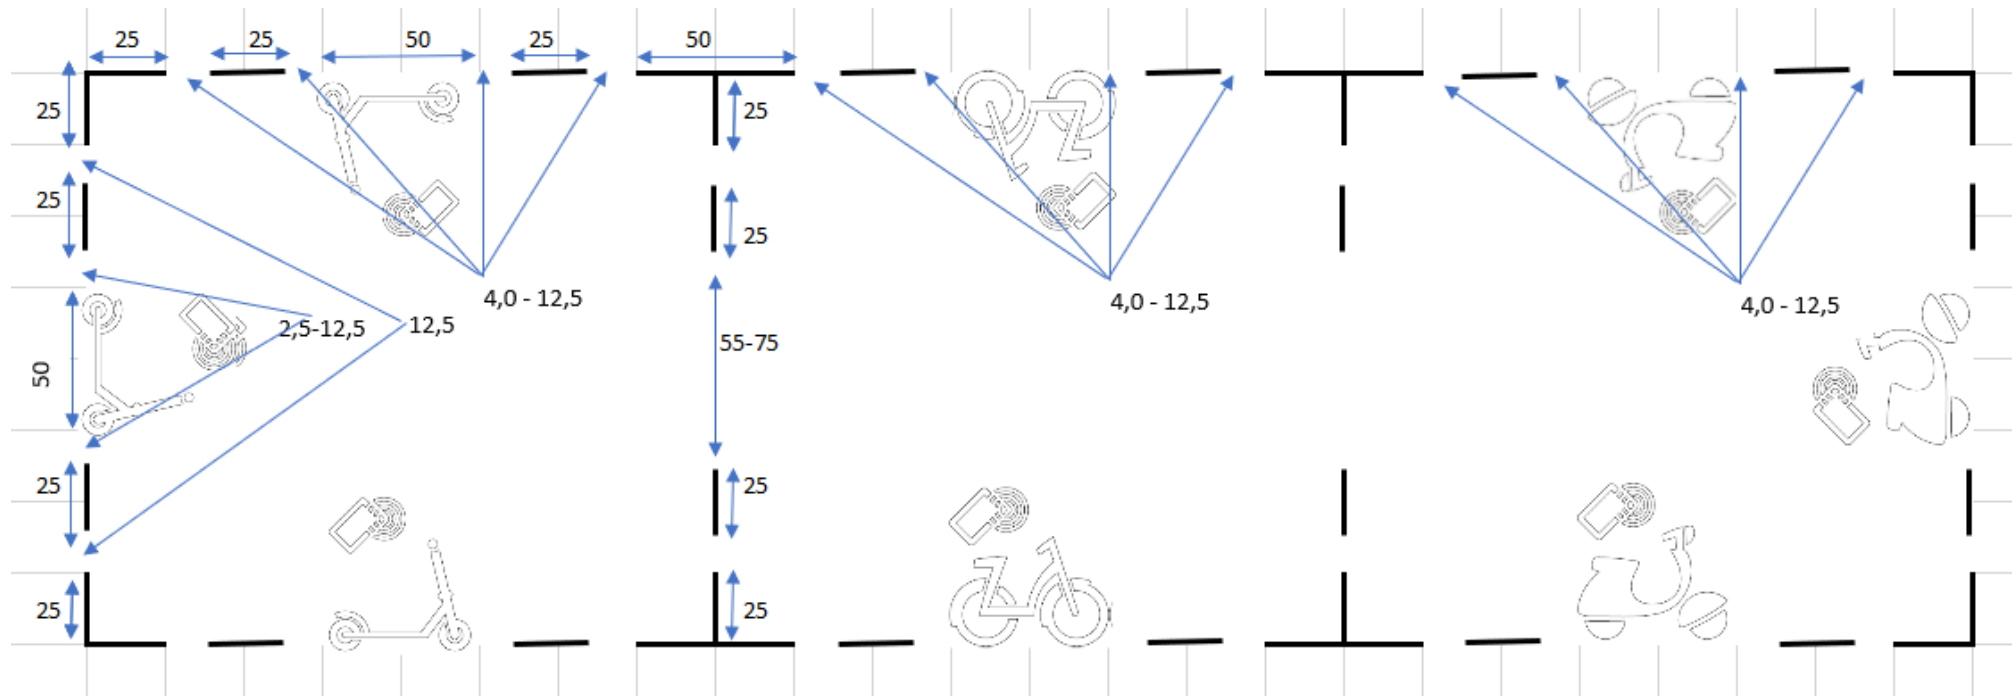

1. In stations
2. Parkings micro-mobility to be created near stations
3. Road signs on public roads

1. Signs in stations

- Compliance with UIC (International Union of Railway)
- Collaboration 4 public transporters (Mivb, TEC, De Lijn, Nmbs)

2. Signs parkings near stations

- Specific shared e-scooters or can tackle 3 shared micromobility transports (e-scooters, bikes, motorbikes)

3. Road signs on public roads

- Need for harmonisation
- Possibility to integrate in Highway Code (wegcode / code de la route)

Bedankt
