

WORKSHOP TICKETING & MAAS

2 April 2019

AGENDA

- Existing ticketing systems globally and projects under development (Pierre-Paul Bertiaux, New Mobility Consulting)
- Ticketing roadmap MIVB/STIB (Michel Genot, MIVB/STIB)
- EMV and account based ticketing (Bernard van der Lande, Worldline)
- Discussion (PTO's & MaaS-providers)
- Conclusions

DISCUSSION

1. Public transport - steps towards common user experience for end-users?
2. Public transport & MaaS - better coöperation possible?
3. Policy level - what can cities/regions/the federal level do?

PRINCIPLES OPEN MARKETS

- (MaaS ticket offer) sufficiently broad
- Own offer non-discriminatory compared to MaaS offer (a vice versa)
- Continuity towards future (offers)
- Respect for autonomy MaaS providers
- Win-win - eg commissions
