

Webinar mobility hubs

7/5/2020

Sven Huysmans

Opportunities

1. Visibility of the theme
2. Policy frameworks are taking shape
www.vlaanderen.be/basisbereikbaarheid/combimobiliteit
1. New governance structures enabling integral & regional approach.
2. Technology is ready to connect building blocks

Challenges

1. Thinking in networks (local, regional, interregional)
2. User centric vision
3. integration of the car ecosystem
4. Quality of the data
5. coordination of budget
6. inter-regional coordination
7. Corona => pressure on collective transport
