But mobility is also
a daily, personal thing
for employees...

Great companies

take care of how their people
travel to work.

Roeland Vanrenterghem

But mobility is also
a daily, personal thing
for employees...

Family
situation

Weather

Living
in the city?

Agenda
of the day

So a new kind of mobility policy is required:
Need for flexibility and options

Vaigo enables
the HR-director
to implement
flexible mobility
policies, without
the usual hassle.

A typical customer deals with multiple mobility providers

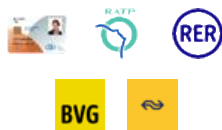

Administration
& operations?

MAAS-apps

Public Transport
Subscriptions

Company Parking

Fuel

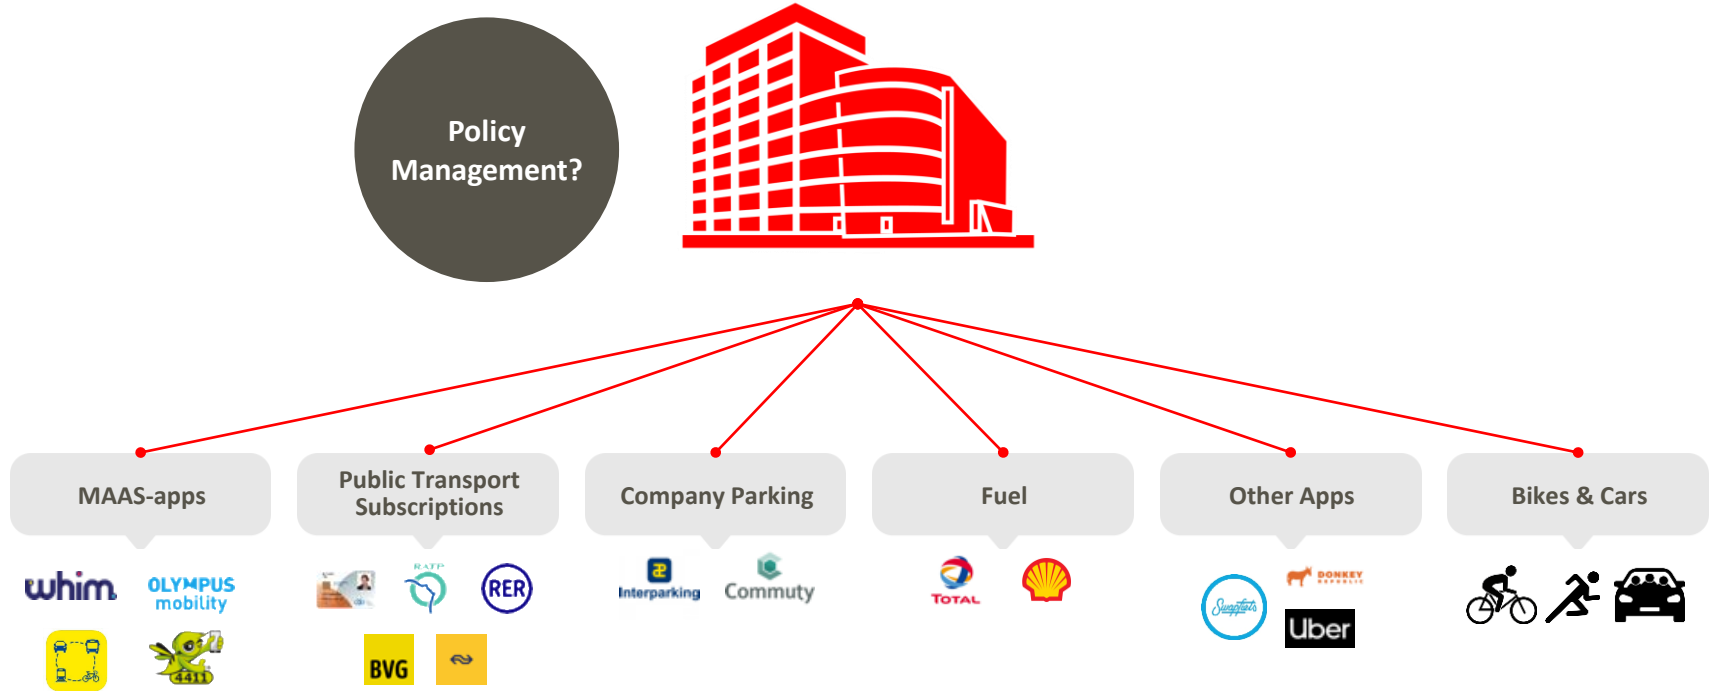

Other Apps

Bikes & Cars

Who can do what / in which policy?

How to get everything automated?

How to connect with Business Apps?

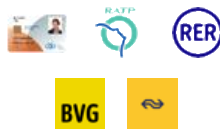

SAP Concur 

MAAS-apps

Public Transport Subscriptions

Company Parking

Fuel

Other Apps

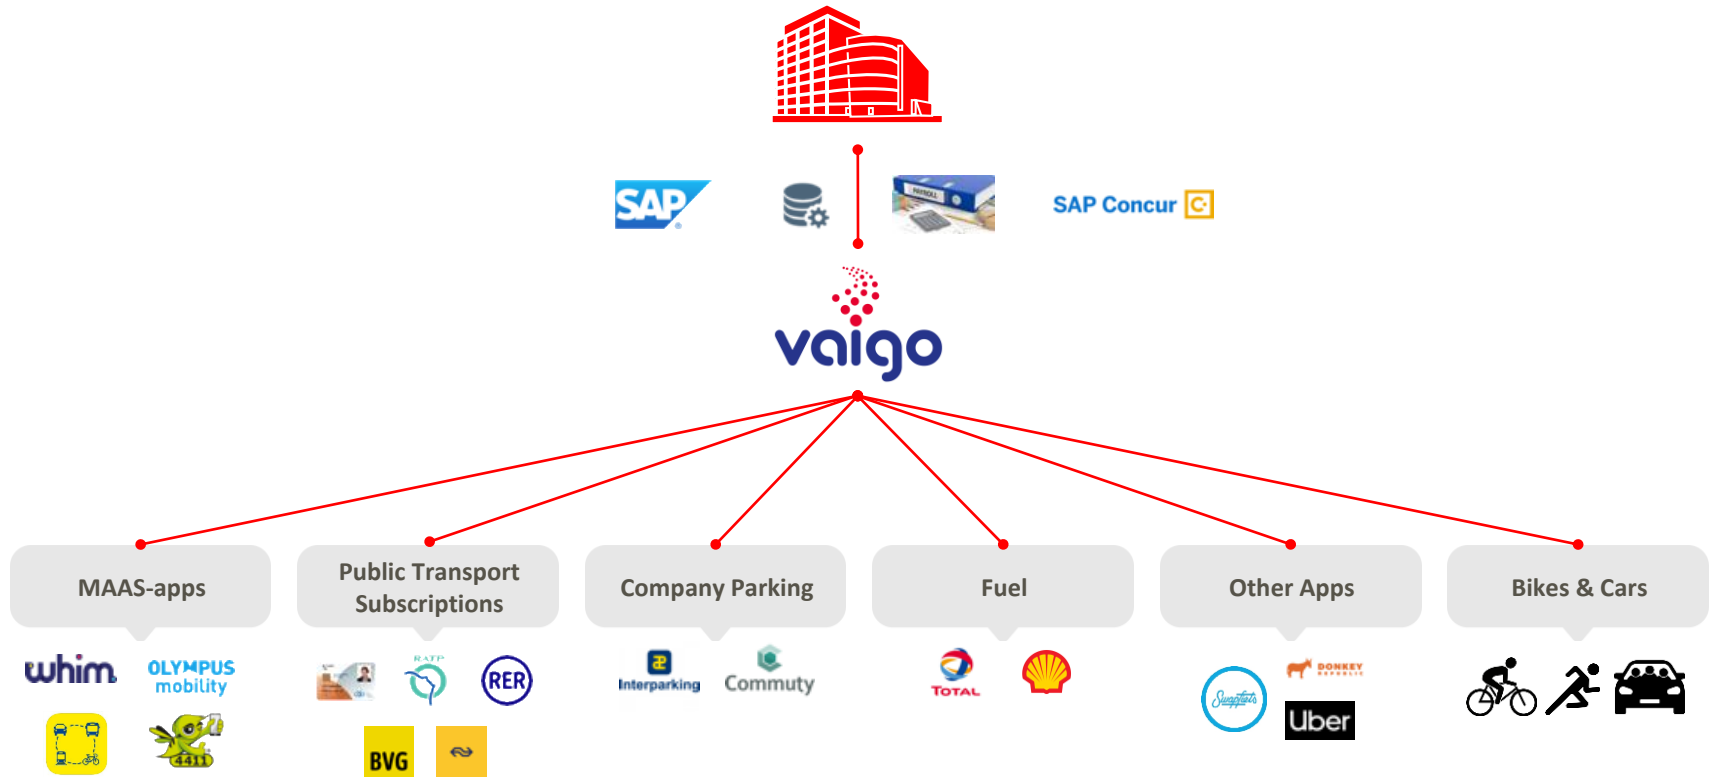

Bikes & Cars

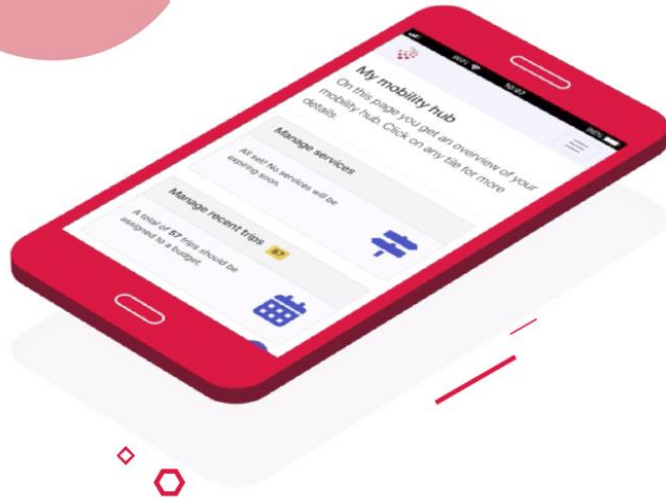

Vaigo = Foundation Layer

Vaigo = Policy Manager, administrator and integrator

So employees can choose their best mobility options.

Mobility options
that best suit them

While all the admin
is taken care of.

They are using Vaigo

To manage their new flexible mobility policies

Other Corporate
Companies*

*Under implementation

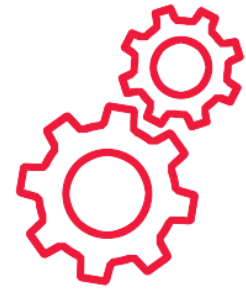

Let's partner up around **mobility budget**:

Let's manage **mobility budget**
& the other
Mobility policies.

We are part of an eco-system =>
